Is the Outreach Fund a success?

- develop the science communication skills of chemists – building capacity and opportunities for chemists and chemical scientists to engage with schools and public audiences.⁵⁶
- engage with school students – inspiring and raising aspirations of student audiences to nurture a future generation passionate about the chemical sciences.

Can the Outreach Fund do better?

has been operating for 10 years and our recent Impact Report has highlighted a number of opportunities for

-
-
- Supporting good practice
- Connectivity across Royal Society of Chemistry priorities
- Access to RSC members

Our Action Plan

Chemistry will:

- for eligible organisations to apply
- to Royal
- impact.

- to sector's understanding of impactful engagement.
- and strengthen the support we provide to funded projects through community of practice.
- and projects to ensure the scheme is accessible and to deliver the best outcomes for participants.
- from opportunities board for members.
